The MOC represents the creation of Clan Mudhorn, the moment when Grogu saves Din Djarin from the Mudhorn on Arvala-7.

The Mino from Set 71719 is transformed into a Mudhorn, joined by Baby Yoda in his floating pod, and The Mandalorian, a modified version of Pete Corp's original design, which can be found on Flickr and YouTube.

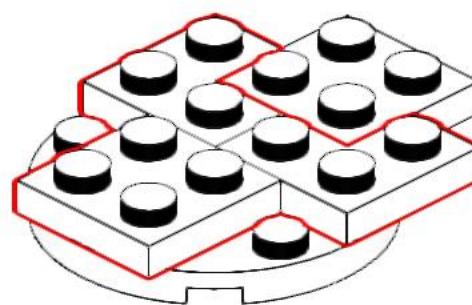

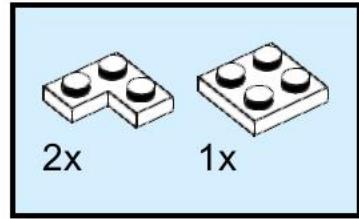

978 parts. Created in Studio over the course of 10 days.
